

Be kind to others

We've learnt that being kind to other people is a) copying what Jesus did and b) the beginning of people being kind back to you!

But being kind to others doesn't always mean the people you know or even live in the same country as you! Here's some ways to show God's kindness to people close to you, and around the world!

Write a letter to a Christian in jail

All over the world, Christians are put in prison just for believing in God. If you think that isn't right and want to show kindness to the people in jail, then these two links will take you to websites where you can find out more and start writing to people who need to see God's kindness!

Random Acts of Kindness

Sometimes, the best way to be kind is randomly, and taking someone by surprise! This website below has LOADS of ideas on how to be kind to someone you know, or a stranger.

Decorate a Biscuit

Show kindness to someone closer to you by grabbing a digestive biscuit, some icing sugar, decorating pens and sprinkles, and decorate a bunch of biscuits to give away! In normal circumstances, I'd say give them to shopkeepers, teachers, librarians etc - but doing coronavirus, stay safe and give them to your close friends and family!
