ision - We dream of a future where Jesus' prayer of "on earth as it is in heaven" becomes our present:

In the year 2033...

...a tipping point was reached in a small backwater cluster of villages in the county of Sussex. Over the past three decades, what can only be described as the presence of God had been growing steadily at a deep and permeative level throughout the communities.

The small historic churches were packed inside and out, hosting continuous services throughout each weekend, as person after person queued to worship. The historic churches had themselves birthed new church communities in converted barns, new-builds and community spaces right across the area. Rivalry was consigned to being a historical anomaly as a rich oneness marked the entire Church of Jesus Christ.

Inside the churches, rich embraced poor, young honoured old, each considered possessions for the benefit of all, miracles great and small occurred daily as the Word went forth, and a beautiful serenity rested upon each gathering.

But that wasn't the remarkable feature. That was to be found in the very atmosphere abroad in the land: Simply driving into the area, many accounts were told of longterm addictions being instantly broken. Many told of having to stop cars by the roadside as tears of healing joy streamed down faces, of kneeling beside their running engines to find the Lord Jesus Christ revealing His glorious love and freeing power. Countless sightings of angelic hosts were reported, dreams and visions of God were seen by young and old, and it is said that people felt a 'lightness' here... as if they could reach out and touch heaven itself... this was awakening.

This was revival. This was reformation... transformation – whatever name you want to give it. All we can say is: God is there.

We've called it '2033'.

The realisation of 2033 means hundreds and thousands of people transformed by God and flourishing in fullness of life.

The year with Chanctonbury seeks to immerse young adults in the vision, values, culture and experience of the Kingdom of God – equipping them for a lifetime of leading and generating Kingdom transformation on the earth.

Our Vision for the year

Your time with Chanctonbury will be a year that you intentionally give to God, to grow, to learn, to serve, to be transformed and to be sent out. During your year you will gather with others with a similar passion to see God's Kingdom come on earth and will be supported by a team of people around you to see you grow and released into all God has for you. You will have the chance to get involved in the work and mission of Chanctonbury Church. The training will include being part of the Chanctonbury Training Centre as well as leadership skills, spiritual disciplines and practical ministry experience. You will be supported by a mentor as well as the Year with Chanctonbury Team.

We will look at, living fully for God, the Emotionally Healthy Discipleship course, how to hear God's voice as well as spiritual disciplines and other things.

The Finish Line

You will have specific input on how to end your year well. We believe that God will bring you here for a season and reason. We want to equip you well in making life decisions for the end of your year but also give you tools to carry for a lifetime. These sessions will be with a trained life coach who lives for Jesus and reaches the business world.

Outline of the year

Youth Ministry

We aim to create a safe, fun, faith-filled environment within the church youth group - a family where everyone feels truly welcome, deeply known and unconditionally loved. From this secure platform of championing community, a healthy sense of individual ID, authority and destiny is realised. So whether it be through dodgeball in the local park, or prophesying over young people after-school at the bus-stop - our overriding heartcry is that every young person in our parish would meet Jesus through us, know Him deeply for themselves, and get set on-fire with the love of God!

Community Outreach

We believe that people are precious and God's word should be declared to the ends of the earth, but let's start with where we live! We are passionate about connecting with the local community, meeting them where they're at, building trust and friendships which lead to opportunity for more intentional encounters to bring them into the kingdom! 🔪 🥖

Worship Community

At Chanctonbury we have an active Worship Community who meet weekly to seek God and build family together. If you feel like worship is something that God has gifted you with then you are welcome to audition as you begin your year and join the community. This is something we encourage but it is outside your Year with Chanctonbury timetable.
